Global Citizenship Certificate Program (GCCP) Parent/Guardian Acknowledgement Letter

Dear Parent/Guardian of Future GCCP Student:

Congratulations! Your child had submitted an application for the World Affairs Council's Global Citizenship Certificate Program (GCCP). After review of many student applications, we have decided to extend an invitation to your child to participate in this unique program.

Applying and being accepted to participate in this program is only the first step. Acceptance does not in any way ensure a Certificate. The Certificate and recognition of the students' achievement will only be issued at the completion of all requirements and submission of an original capstone project that reflects their understanding of global citizenship through the activities they have done.

The GCCP is a program that provides a structure for students to organize their extracurricular, community and civic activities in an intentional manner. It is student-driven program that places responsibility on the students to take the initiative in completing the required activities. While they will have until high school graduation to complete the GCCP, it is designed as a two year program. Therefore, it is important that students actively participate and work toward completing the requirements for the program. The World Affairs Council and its partners will provide as much support as needed to help them along the way.

Given the self-driven nature of the program, it is important that students receive as much support from their parents or guardians as is feasible.

Your signature below acknowledges your understanding of the program requirements as outlined in the GCCP Program Manual. Thank you for supporting your child's participation in the GCCP, and we look forward to working with you as your child works to become a Global Citizen.

I support my child's application and will do my best to help him/her in meeting the program requirements as needed.
